BACK TO SCHOOL ALREADY?

I don't know where the time goes. As the kids have headed back to school, it is time to make sure all of your internet service needs are met.

Are you continuously rebooting your router? If the answer is yes, it is time to get our Happy House router with app. Only \$10 per month. A special feature is parental controls that you can set perimeters of how long everyone can be on the internet or you can set a timer on the app to disconnect individual devices.

Do you have enough speed? Speed is determined by the number of people in a household, number of devices, and if you game or stream a lot. See below for speeds with pricing:
